

# What will 2010 Bring Michigan Conservatives?

By Randy St. Laurent, 10<sup>th</sup> Republican Congressional District Chairman.

**The smiling lady in the arms of First Lady Michelle Obama is Joyselyn Benson, the choice of the Democratic Party for Michigan Secretary of State.**

**Note\*\*\* Ms. Obama looks like she is proud for the second time in her adult life!**

**I Believe** that Michigan will elect a Republican Governor. There is no way any Democrat can run away from the catastrophic misery the Granholm regime has wrought on the working people of Michigan.

**So what's left for Michigan Democrats? Well for one thing, Secretary of State.**

**Joyscelyn Benson filed as a Candidate for Michigan Secretary of State on 2-26-2009. By 12-31-2009 her Committee, # 514336-7, had pocketed a whopping bag of loot totaling \$250,241.33, raising an average of \$812.47 a day.**

An estimated half of her money is from out of state far left special interests, trial lawyers and far left liberals who do NOT live in Michigan. Check out her report on the Michigan SOS website.

Benson is also one of 4 candidates selected by the **George Soros "Secretary of State Project"** The Soros "Secretary of State Project" has won 11 of 13 races it has entered. The Minnesota winner supervised the Minnesota re-count that delivered the Senate seat to **Al Franken!**

**So it looks like Joyscelyn Benson WILL be the Democrats Candidate!**

**"Not so fast you say? Don't the rules say she first has to be nominated at the Democrat State Convention by Democratic State Delegates in August"?**

*Rules, Smules!* The State and National Democratic parties want **Joyscelyn Benson for Michigan Secretary of State in 2010**, and that's how it's gona be! SO the state Democratic Party has proposed an "April or May Nominating Convention," to give their hand picked candidates a head start in money raising and public campaigning.

**So if you are ready to surrender our Michigan election system to the Liberal Interpretation of the Law, sit back and do nothing, OR.....**

1. **Demand that the Michigan Republican Party State Committee Representatives in your congressional district vote to hold an early nominating convention to offset a Democrat Party Advantage should they do the same.**
2. **Commit to supporting a get out the vote effort for our state-wide candidates. Yard sign and phone call commitments, by volunteering with you County Party.**
3. **Commit to exceeding you last political effort and comfort level by 10%**
